TEMPORARY CAMPUS OF THE INTERNATIONAL EUROPEAN UNIVERSITY IN THE REPUBLIC OF MALTA

2024

Participants in the survey:

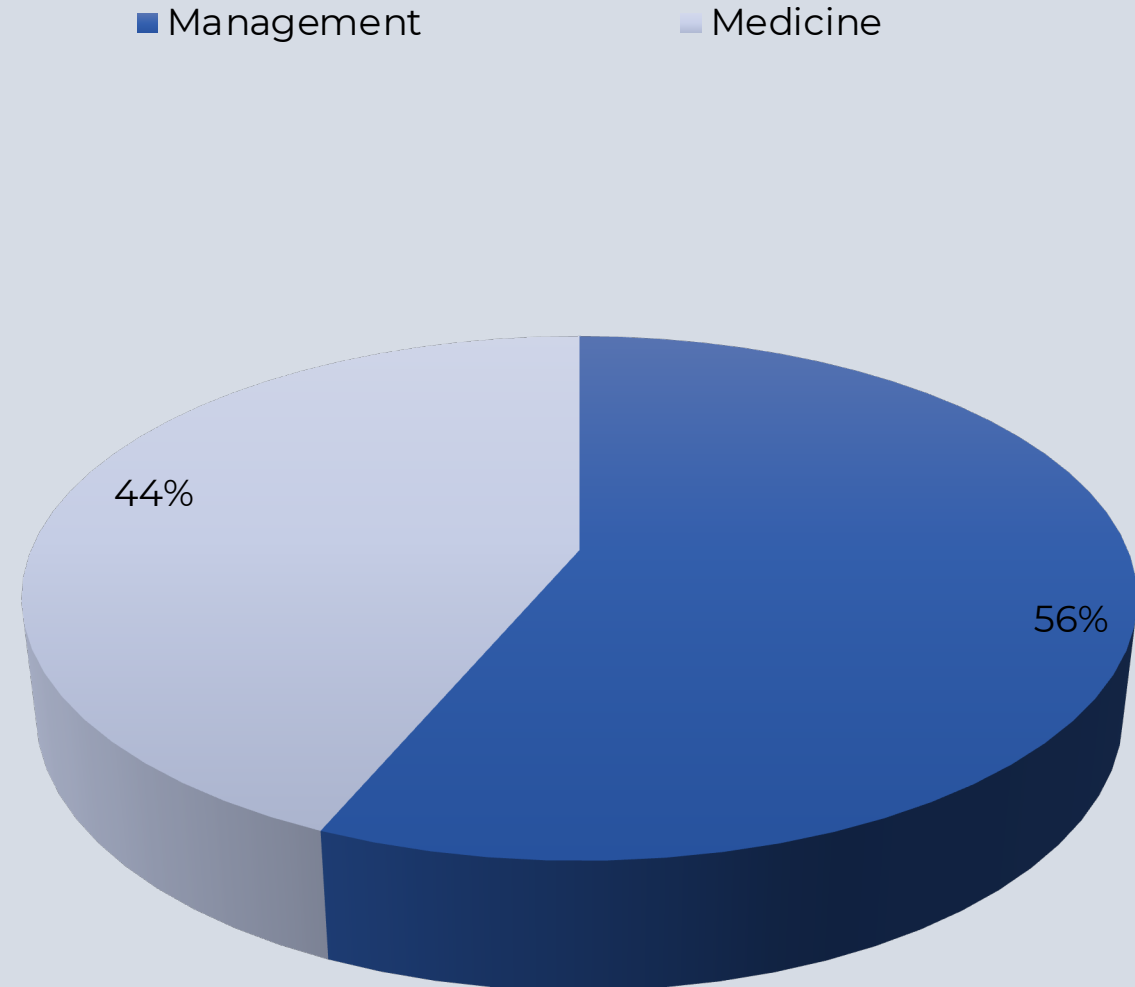

Number of students

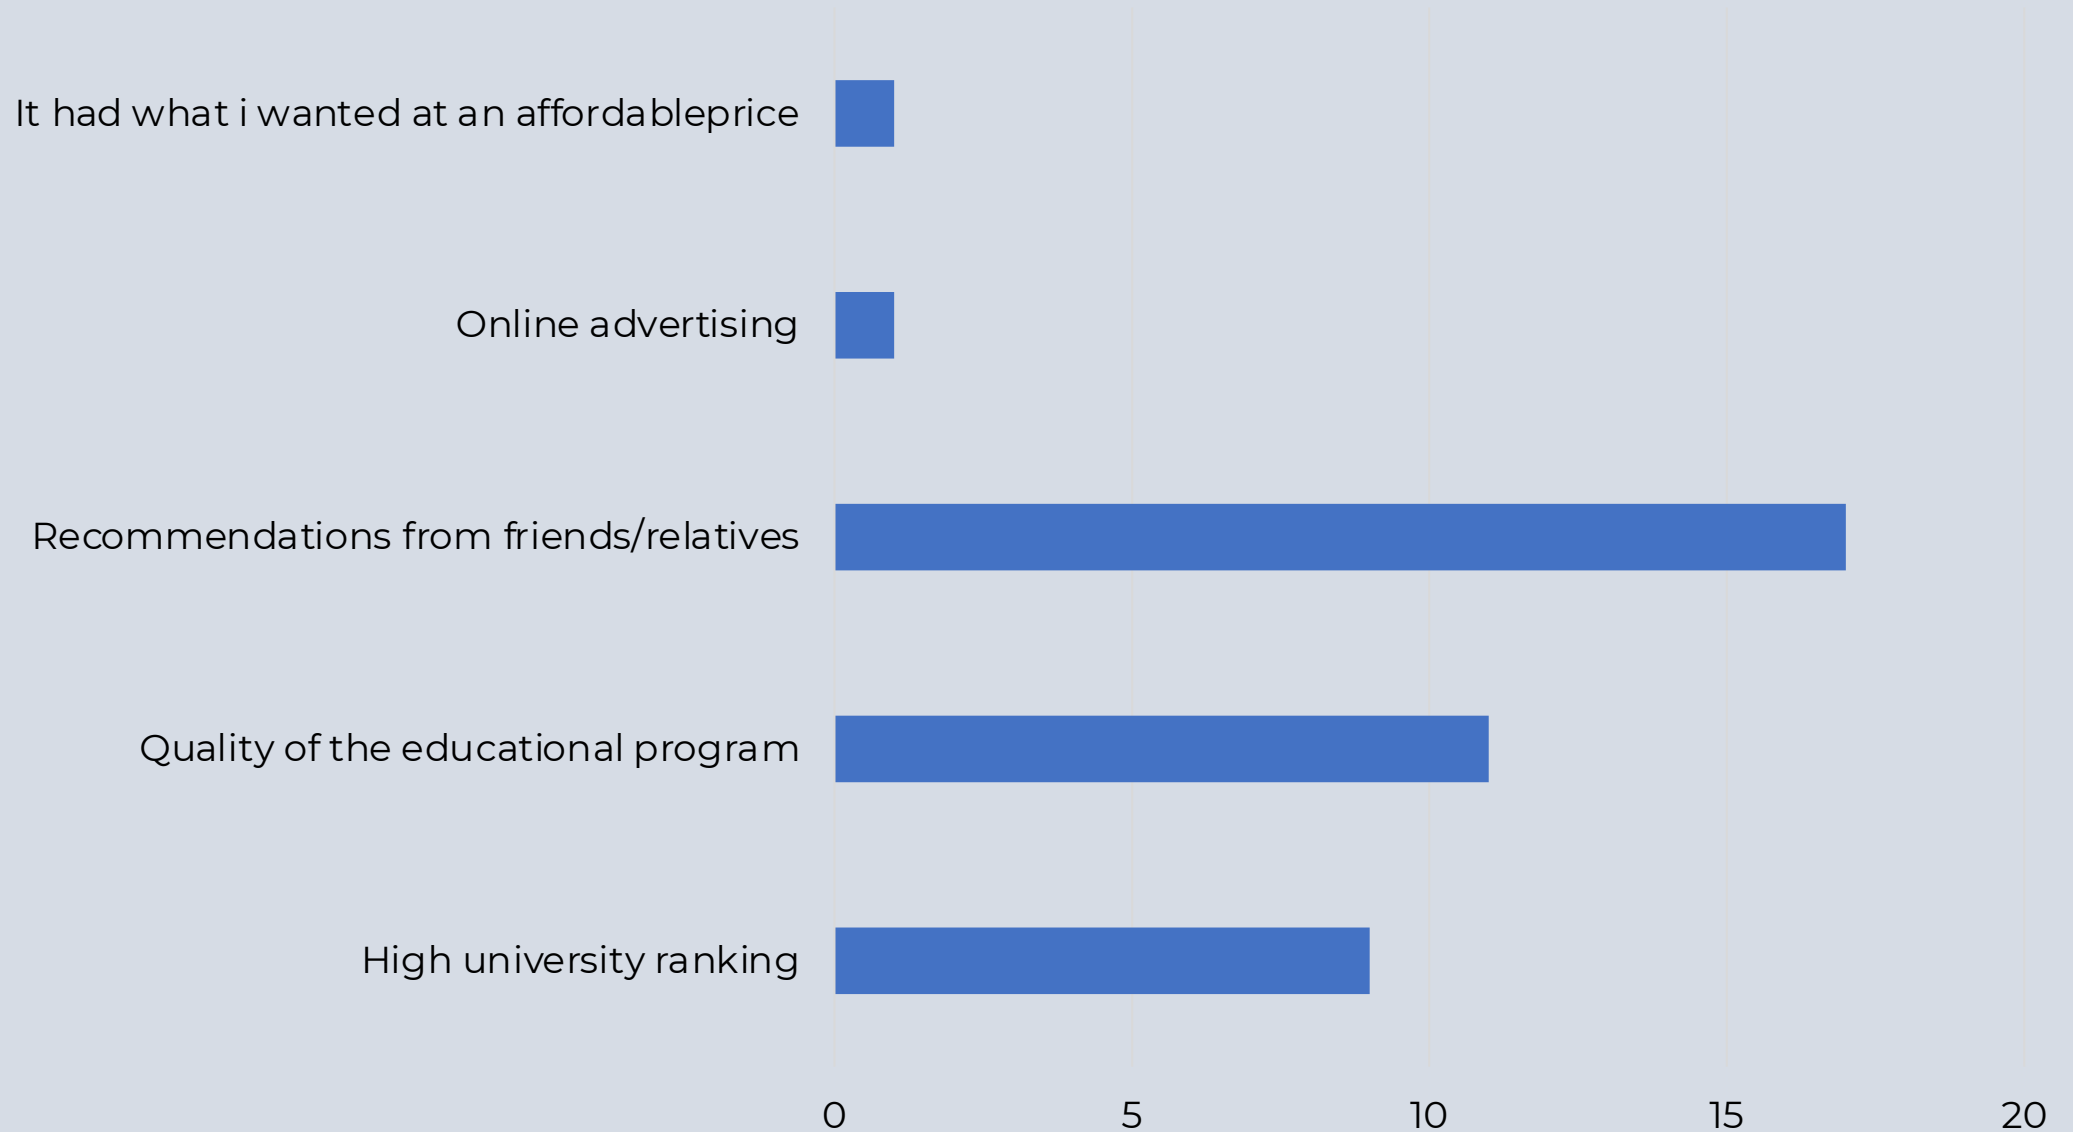

- ERI "European Medical School"
- ERI "European School of Business"

Educational and Research Institute	Number of students
ERI "European Medical School"	17
ERI "European School of Business"	22

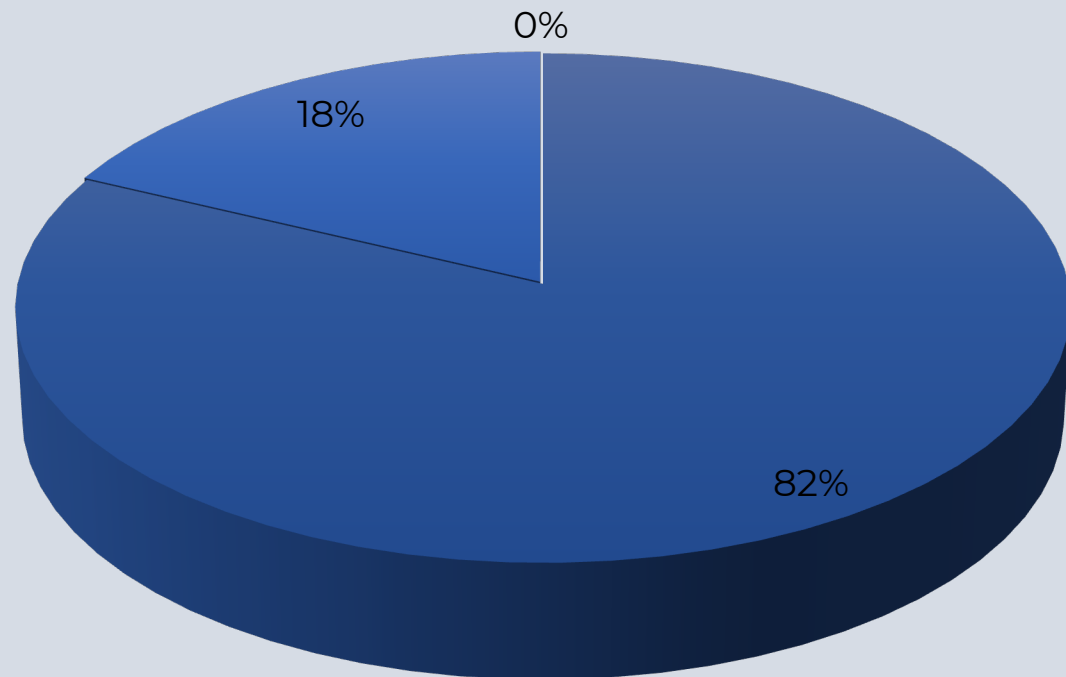

Number of students

Why did you choose our University for your studies?

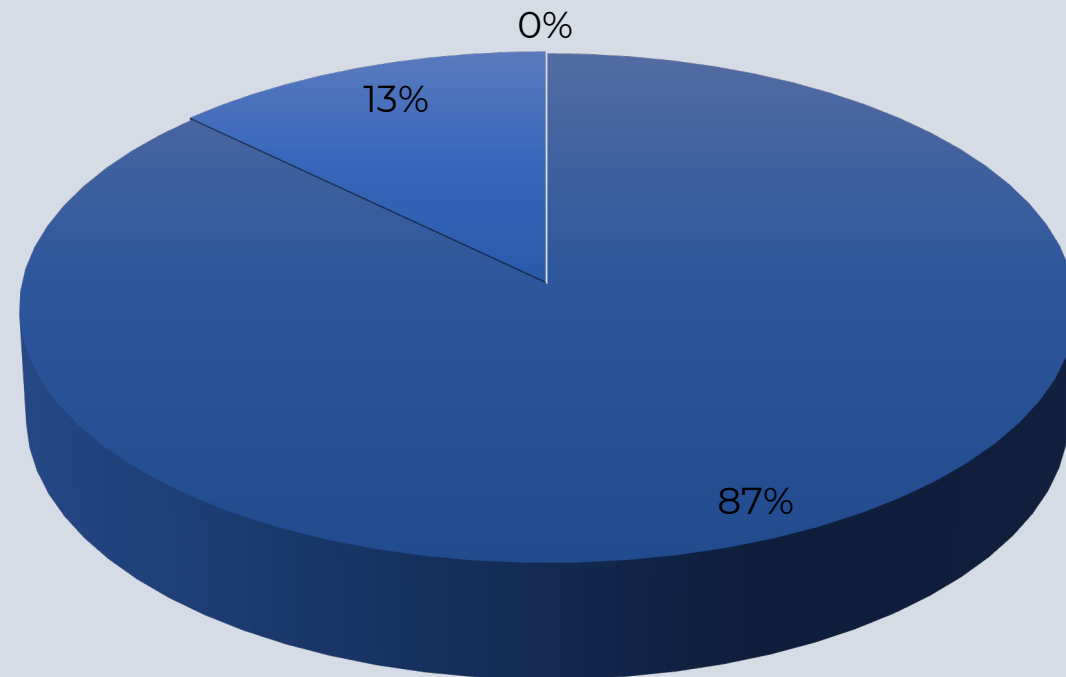

Did you receive sufficient information about the organization of the educational process?

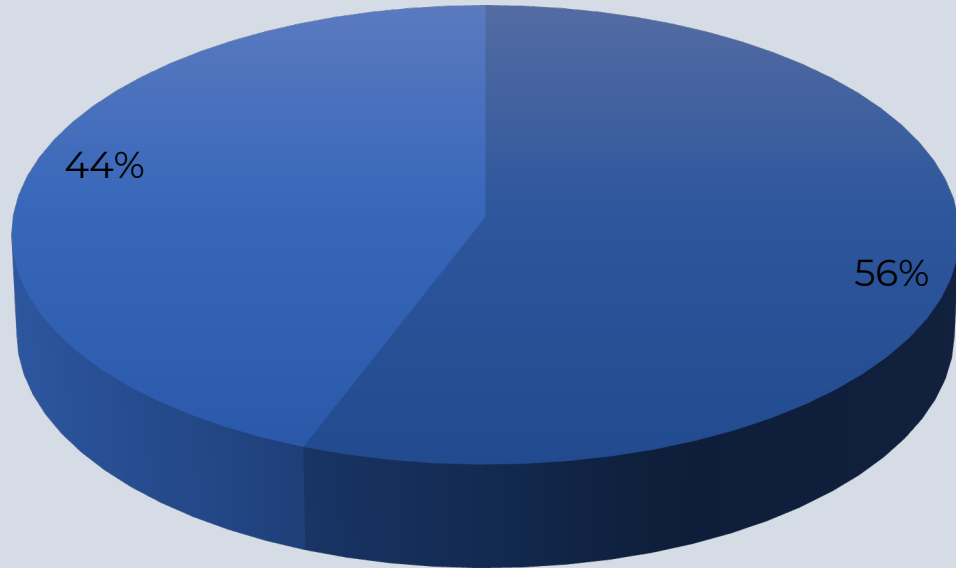

- Yes, everything is clear
- There is information, but not everything
- No, I don't understand how everything is organized

Did you receive all the necessary information about access to the library, educational resources, and support system?

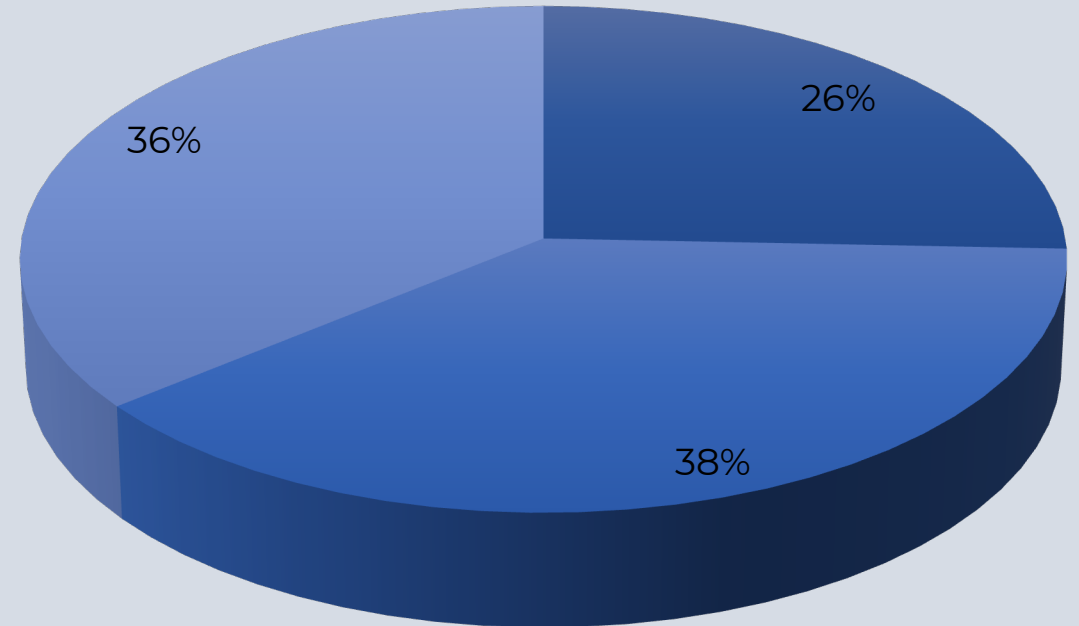

- Yes, I received everything
- I received some of the information
- No, I don't have the necessary information

Would you like to have access to mentorship from senior students or alumni?

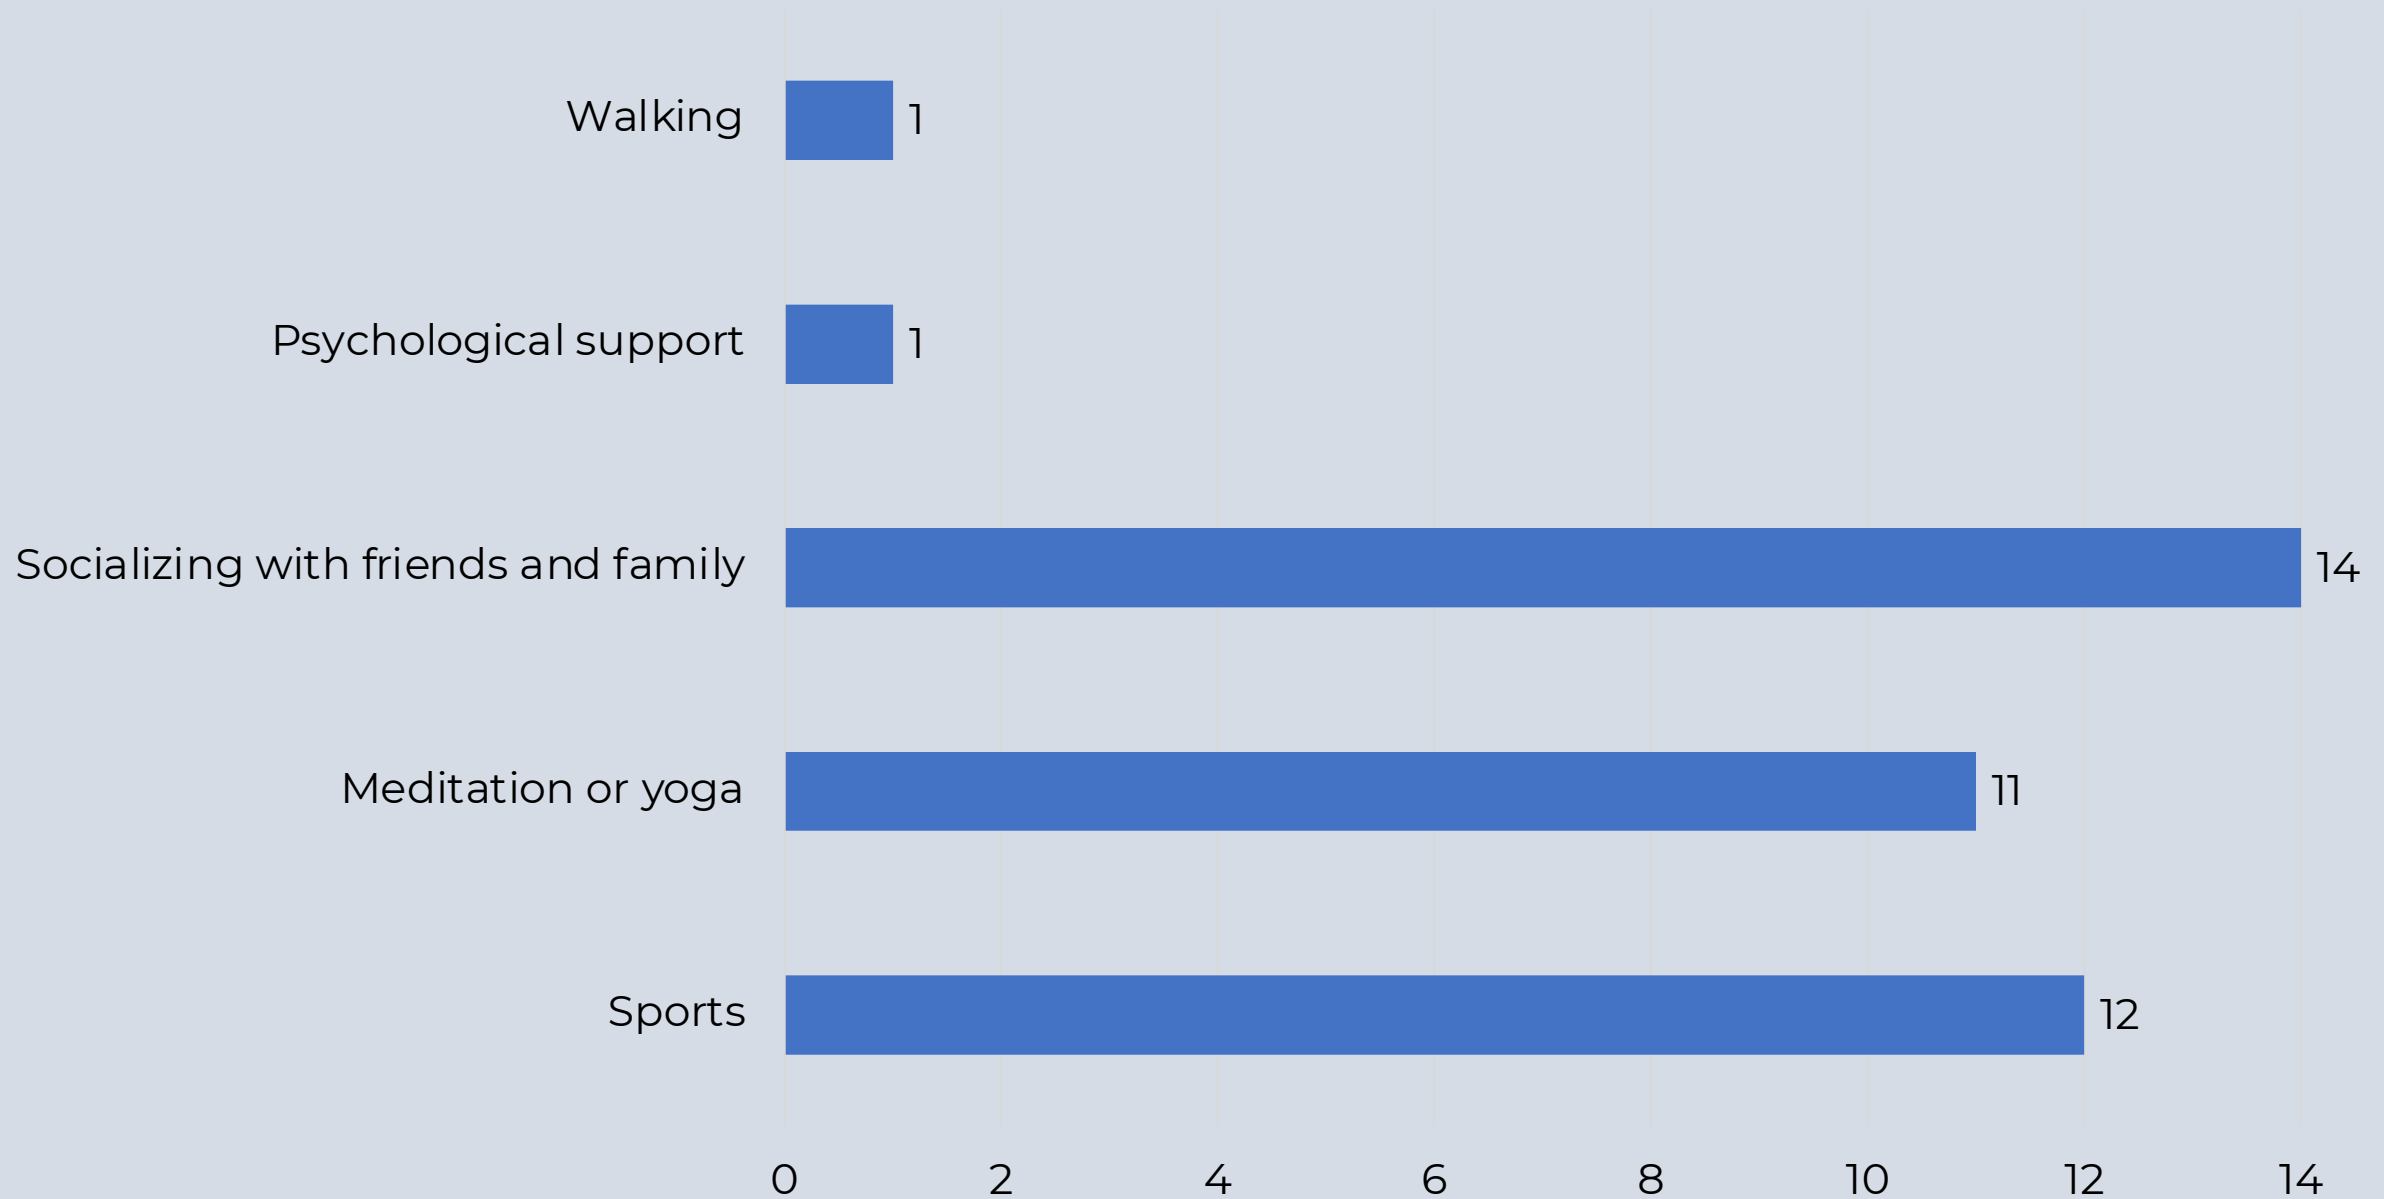

- Yes, that would be very helpful.
- Maybe, if there are interesting meetings.

What support do you expect from the University during the adaptation period?

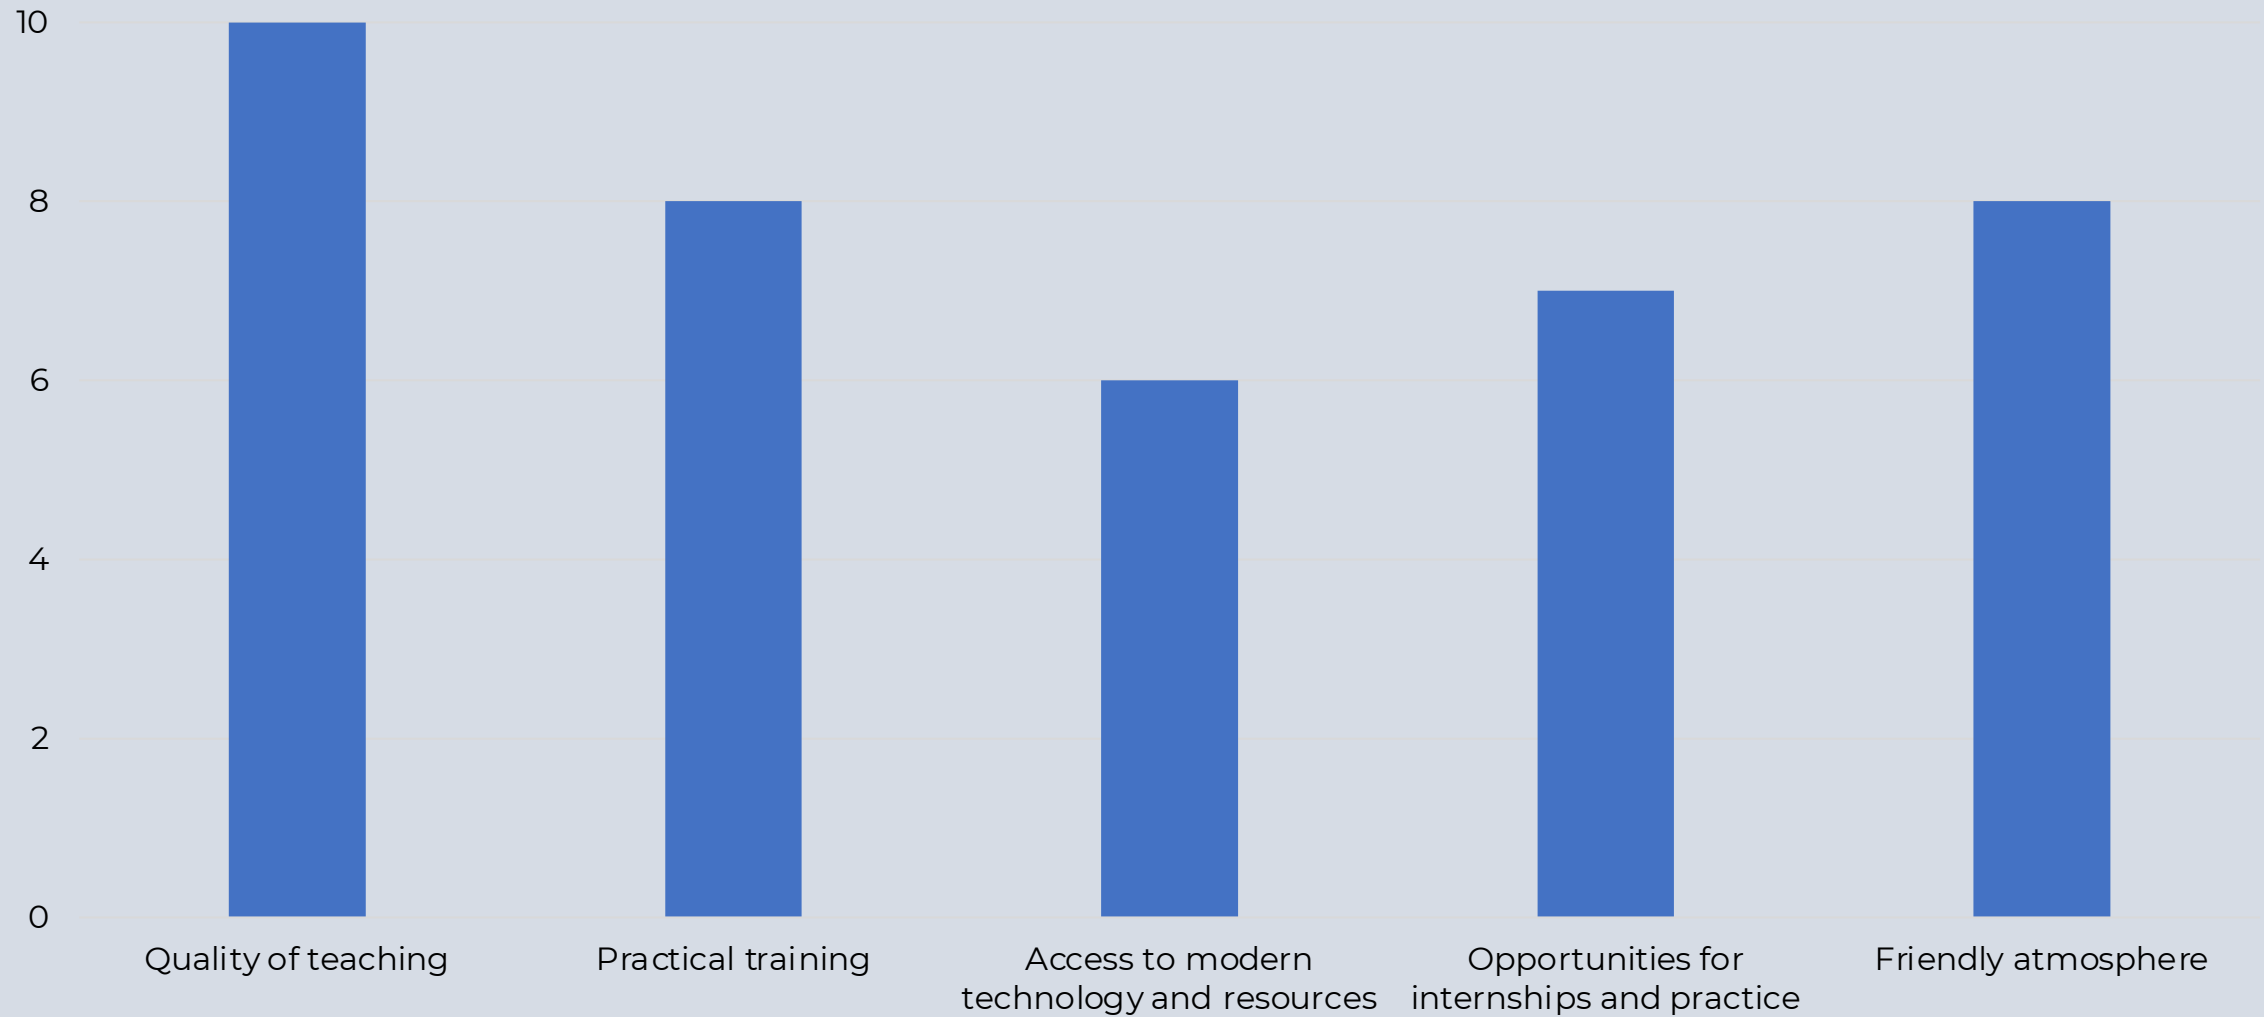

- Consultations
- Mentor support
- Offline or online events to meet other students

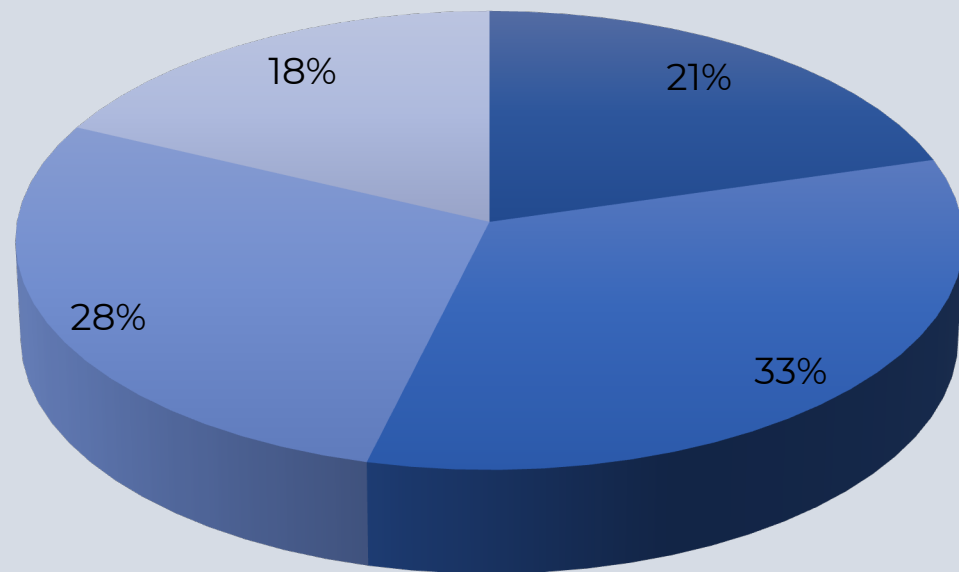

How do you plan to cope with stress or overload during your studies?

What is most important to you in your university education?

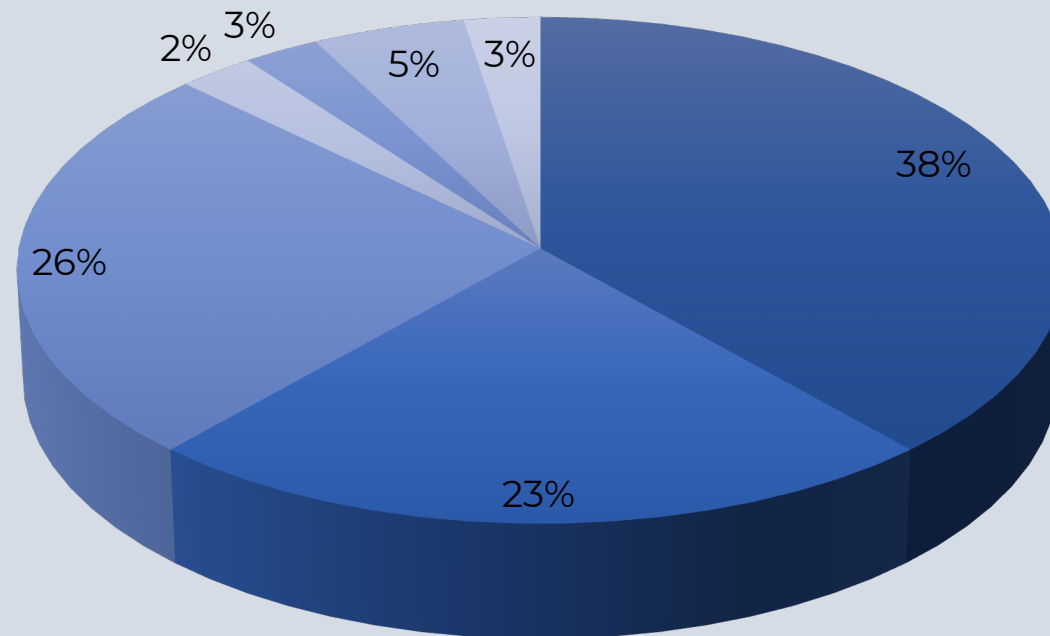

What would you like to receive from the University to fully realize your potential?

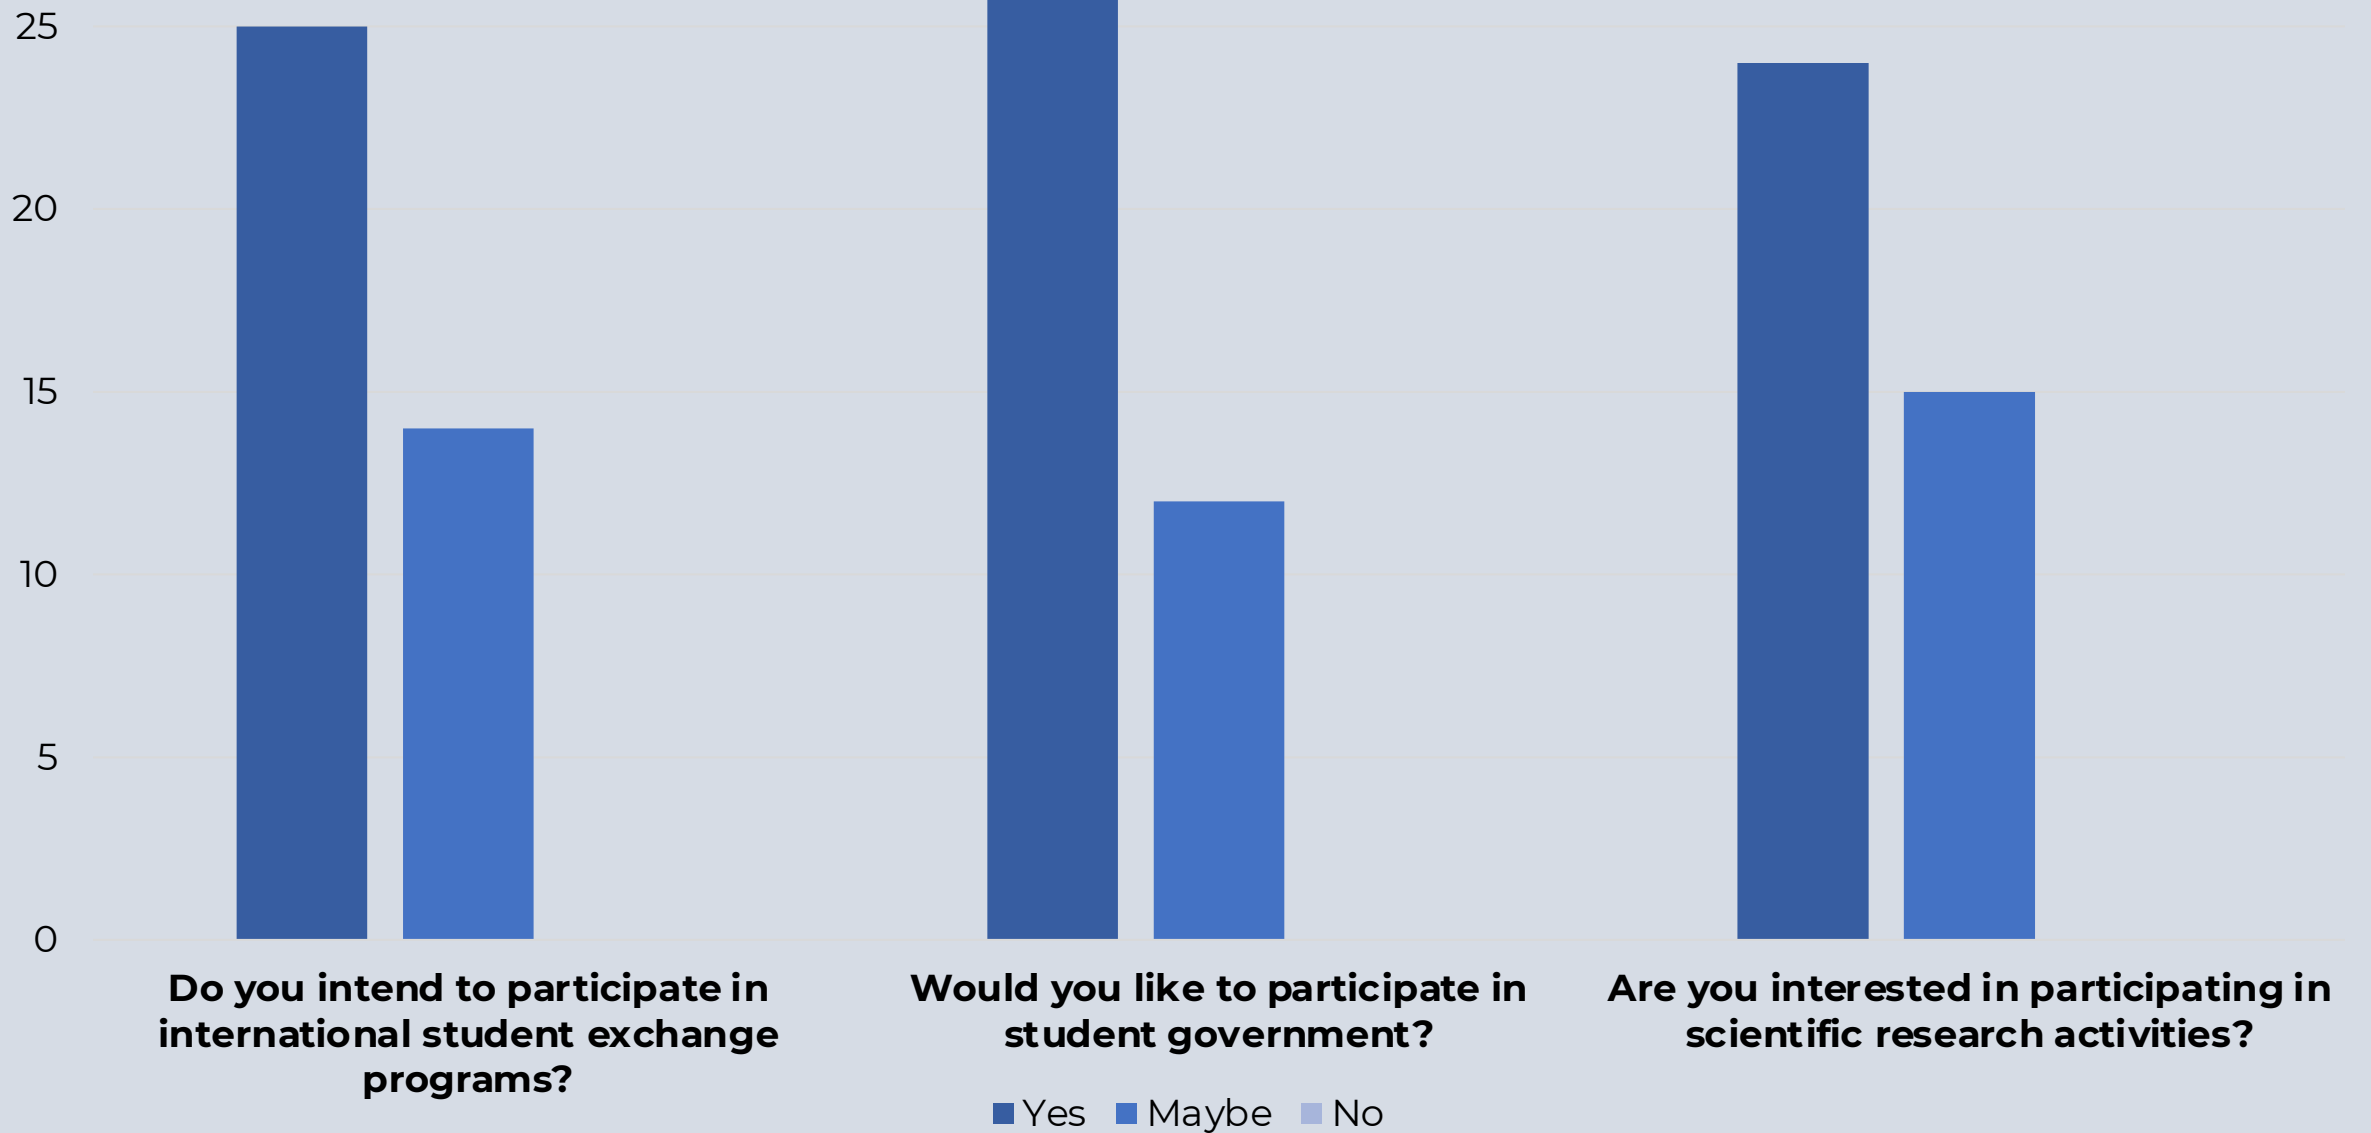

- More practical classes
- Opportunities for internships abroad
- Additional courses or training
- Support in career development

What concerns or worries do you have regarding your studies at the University?

- Difficulties with studying the educational material
- Insufficient support from teachers
- Difficulties with adaptation

Best wishes 😊

Everything is going good

We love IEU:)

It would be helpful to have additional language support classes

It would be nice to introduce a white coat + stethoscope ceremony where each student is awarded their white coat

The academic staff is very supportive, especially Ms Alina and Ms Valentina

The administration and school board promote time management together with follow ups

hope it will be interesting here
